In his late teens Sani performed with *Kheljen Roma*, a traveling folkloric dance troupe. He continued learning traditional dances, especially in Macedonia.

Sani came to live in California in 1993 and has become U.S. citizen. He is active in promoting Romani cultural arts and is co-founder of Voice of Roma (VOR), a nonprofit organization, to heighten the awareness of Romani identity. Sani has been holding workshops and performances in California and throughout the U.S. We are happy to welcome him in Laguna Woods.
