

PROGRESSIVE BARN DANCE  
(Couple Dance Mixer)

Record: Columbia DX 1191

Part 1: Stand side-by-side with partner, inside hands joined. Free hands for men on the hips, ladies hold skirt. Starting on outside foot walk forward 3 steps and rise up on 4th step, swing free foot slightly up. Now do the same moving backwards, starting on inside foot.

Face partner and move backwards away from partner with the same foot work. Return to partner with the same footwork and give partner two hands.

Part 2: Take two step-slides to man's left; then two more step-slides to man's right. (Lady goes to her right, and then left). And both take ballroom position and turn with 4 two-steps around the room. To make it a mixer, the man moves forward to the lady ahead on the separation part of the dance, instead of returning to partner.
