LADIES TO THE CENTER
American Play Party

RECORD: MH 1110

FORMATION: Single circle, no partners necessary, all facing in.

- SONG: 1. Ladies to the center with a HEY DING DING.
2. Gents to the center and form a ring.
3. Once in a circle and twice in a ring.
4. Take a partner and everybody swing.

5. Swing, swing, everybody swing,
Swing, swing, everybody swing.
Swing, swing, everybody swing.
All join hands for the same old thing.

ACTION:

1. All ladies take three steps to the center, and on DING DING clap twice.
2. As the ladies back out, the gents take 4 steps to the center to join hands
in a circle.
3. While the ladies clap, the men circle to the left.
4. Men release hands and swing the nearest girl. If there are extra men who
do not find partners, they take their places in the circle -- if there are
extra girls who do not get swung, they'll have better luck next time.
5. Swing 16 counts and all join hands with a new partner to start all over
again. If there are older people in the groups, three or four times will
be enough to make it fun and yet not wear everybody out.
