 Right hand 'round the right hand lady, left hand 'round your own
 Walk all around your corner girl, See-saw your taw
 Allemande left your corner, right and left the hall
 Grand 'ol right and left around the ring you go
 When you meet your partner do-sa-do
 Promenade your partner two by two
 With the smile that she gave to you.

Figure

Head couples promenade half the outside square
 All four ladies chain, chain 'em cross from there
 Side couples right and left thru, wheel the gals around
 All four ladies chain across the town
 All around your corner, see-saw your own
 Left hand swing your corner, promenade her home
 The smiles that fill my heart with sunshine
 Are the smiles that you give to me.
