

Pastoral Fandango

Statewide 2022 will be from Friday evening (6:30 pm), May 20, to Sunday evening (6 pm), May 22nd. As of now, it looks like it will take place, but we will keep you informed and updated should there be a change.

In order to attend Statewide 2022 registrants will have to comply with local, CDC, and Folkdance Federation regulations. To keep attendees safe, all present will have to show proof of full vaccination and will be required to wear masks at all times inside the building. (Teachers and musicians can be exempted while either teaching or singing).

As time comes closer registrants should e-mail proof of vaccination to Sabine Zappe (samzappe@gmail.com), or may show it upon arrival at the festival.

If you are planning to attend, please try register early (by February 15, 2022) if possible, so we can get an estimate of the number of people that will attend. Registration fees are fully refundable in case of illness or change of plans.

Attached are a registration form and a planned schedule for the festival. For additional information like motels, directions, schedules, updates, T-shirts, etc. go to <http://statewide.folkdance.com>. The website will be updated in case of changes.

Since this weekend is also graduation weekend for the high schools in Petaluma, I suggest you make your hotel reservations early.

We are looking forward to dancing together this coming May, our biggest wish for the New Year, sincerely, the Statewide Committee.
