

NE BASHQE O ME PORTOKALLE

Albanian mixed dance from Kosovo

Ne Bashqe is a popular song in Kosovo. For presentation outside of Yugoslavia, three dances which are common in Kosovo have been joined together to form a simple line dance. Part 1 is a basic Lesnoto pattern. Part 2 is a step pattern often performed to the song "O Sazana" in southwest Kosovo. Part 3 is a common Hora pattern performed by women of Prizren. In Kosovo, only one of these motifs would be performed throughout the song. The musical arrangement here is part of a choreography from the Shota Ensemble.

In the garden with orange trees,

The young girls dance.

Come mother, which one pleases you?

Take a good look, that she will win your heart.

In the garden with black grapes,

All the young people dance.
