Why don't you bow then swing with your partner, prom..en..ade single file
 Girls back track around that world, gents step in behind your girl
 Trail behind her.....For awhile
 Girls roll out skip one man, corners all left allemande
 Grand right eight.....go round the world
 Then prom..en..ade with your sweetheart, for she's nobody else's girl

FIGURE:

First and third to the right and there you circle
 Make a line go forward up and back
 Star right with the opposite pair, turn it once around out there
 Back right out circle eight around that track
 The four gents will star right on over, turn em left and corner promenade
 I'd like to call you sweetheart but you're.....somebody else's date..
