

## ST. GILGEN FIGURENTANZ - AUSTRIAN

Tanz SP23-050A 2/4

Couples facing LOD. Inside H's joined.

INTRO: 4 Meas.

- I. Walk 16 steps in LOD.
- II. M raise LH to side and step in place 8 steps. Without releasing H's, W walk CCW all the way around M, back to outside, 8 steps. Join ML, WR H in front and move 8 steps in LOD.
- III. Do not release hand hold. M Bend over with a stamp, allowing WL arm to go over his head. Both lean back and turn CCW in place as a couple. (I know they're all twisted, but so are pretzels!) Figure takes 16 steps, ending with W back on outside.
- IV. W turns 3/4 to L, (CCW), allowing ML hand to go over her head. (This leaves us with ML, WRH joined in front, MR arm around ptrn, holding her LH near her R shoulder.) In this position walk fwd in LOD. 16 steps, total, for Part IV.
- V. Release ML, WRH. M pull with RH, turning W CW to outside. M face center and clap, each in his own rhythm (The result is usually neat!). W stay on the outside and do step-swings in place. 16 steps, total for Part V (16 counts).

*When dance repeats, M move up to  $\frac{1}{2}$  ahead as new partner.*
