This simple round is a favorite "Good night " song and dance of the German groups we visited on our trip (summer 1956). It may be done in two, three or four parts. (For the dancing two, three or four concentric circles.)

The words mean: "The dancing is over and we are going home now,
 Good night now, good night now, good night, good night,
 for----
 Begin again the dancing is over

FORMATION: Two, three or four concentric circles, couples.

Action:

REPEAT FROM THE BEGINNING.
