

# Life Forms

<http://www.credo-interactive.com/>

Life Forms gives you the power to create character motion at the speed of thought. Our pose-based metaphor and graphical timeline are unmatched for flexibility and quick results.

Life Forms Studio, the professional animation solution, comes with 750 motion files, plus import and export options for all the top 3D packages such as LightWave, 3D Studio Max, ElectricImage, and more.

Life Forms Dance, the best choice for choreographers and educators, contains more than 300 ballet palette positions, and comprehensive dance-centric tutorials.
